### *Terms of Sale*

1. This is a public auction sale held in Van Nuys, California by a licensed and bonded auction company.
2. The lots described in this catalog contain the property of multiple consignors and may include consignments from Michael Aron Rare Coins ("M.A.R.C.") or their employees.
3. A Buyer's Commission of ten percent (10%) on each lot will be added to all purchases made by bidders, and will be based on the total amount of the final bid.
4. Although there are no preset reserves or minimum bids in this sale, consignors may be permitted to bid on their own lots. In all cases, a commission would be charged for any reacquisitions.
5. Grading is an art and not a science. BECAUSE GRADING IS SUBJECTIVE IN NATURE AND NO TWO PEOPLE OR SERVICES WILL ALWAYS GRADE THE SAME COIN ALIKE, YOU SHOULD RELY ON YOUR EXAMINATION OF THE LOTS OFFERED IN THIS SALE AND NOT ON THE GRADE INDICATED IN THIS CATALOG. CONSIGNOR MAY HAVE DETERMINED GRADE IN CATALOG. We accept no liability whatsoever for the grade or descriptions offered in this catalog. Standards for grading have varied over given periods of time, depending on changing market conditions, and will probably do so in the future. M.A.R.C. places no value or future potential on the coins in this sale.
6. Lots are not sold on approval. All material is on display before and during the auction. Bidders are encouraged to inspect any and all items of interest prior to bidding as all sales are final.
7. Auctioneer is not responsible for errors in bidding. Because other bidders and consignors are present, the winning bidder is unconditionally bound to pay for the lot, even if the bidder has made a mistake.
8. Floor bidders must register and secure a bid number as they enter the hall before lot viewing. Those awarded lots may pick them up at any time during the sale, but all transactions must be completed at the conclusion of the auction.
9. Lots are on display at the Auction Hall from 9:30 a.m. on the morning of the sale and may be examined both preceding and during the auction.
10. Sales tax will be charged where applicable. Existing California sales and use tax law exempts bulk sales (one thousand dollars or more) of numismatic coins from this tax. The Buyer's Fee (10%) is part of the purchase price and is either subject to the sales tax or to the bulk sales exemption.
11. Every item in this catalog is guaranteed to be genuine. This is a limited warranty that the item sold is not counterfeit, and that its date or mintmark has not been altered. Any other warranty is expressly disclaimed. MARC OFFERS NO REPRESENTATION OR WARRANTY THAT A COIN HAS OR HAS NOT BEEN CLEANED, THAT ANY TONING IS NATURAL OR ARTIFICIAL. OR THAT ANY COIN WILL MEET THE STANDARDS OR GRADE OF ANY THIRD PARTY GRADING SERVICE. A statement concerning this is a matter of opinion only.
12. Auctioneer shall have the right to immediately rescind any lot offered should a dispute arise during the sale of a lot, and put the lot up for sale again. In all cases, Auctioneer's decision shall be final. Auctioneer may reduce mail bids, or floor offers to the established bidding increments. All mail bids must be in even dollar amounts.
13. Mail bids will be executed at no more than 5% to 10% over the second highest mail bid received. Bid the maximum you are willing to pay and in some cases you will be awarded the lot for substantially less than the amount of your bid. Postage, handling and insurance will be added (minimum: \$5.00). A deposit of 25% is required from mail bidders whom we have had no previous transaction.
14. Terms are pre-approved check, cashier's check, cash, Mastercard, and/or Visa.
15. To be certain your mail bids are recorded, we should receive them no later than Friday, two days prior to the auction. Please send to: M.A.R.C., P O Box 4388, San Clemente CA 92674-7388. Our FAX number is 949.489.8233. Deadline for FAX bidding is 3:00 p.m. Saturday, one day prior to the auction.
16. Prices listed are estimates only. They are intended only as an indication of approximate current market trends. Higher or lower prices may prevail.
17. Purchaser hereby agrees that any dispute arising shall be litigated exclusively in the courts of the State of California, and not elsewhere, regardless of any party's current or future residence or domicile within six months of the final sale date. Purchaser further agrees that venue shall be in the Superior Court for Orange County, in the State of California.
18. Bidding in this sale constitutes acceptance by the bidder of all the foregoing terms and conditions of sale.

## TWENTY CENT PIECES

### **217 Choice 1875-S Twenty cent piece**

Bright luster with great eye appeal! One of the most unusual and short lived denominations ever coined by the U.S. mint. Routinely rejected by 19th century Americans and, as a result, it was only struck for circulation in 1875 and 1876 (Proofs continued to be struck through 1878). Because so few were saved in nice condition, Gems are a real prize today.

## TRADE DOLLARS

### **448 1874-S Trade dollar**

Well struck with clean surfaces and few distractions. Underlying mint frost peaks through a delicate, natural patina. The 1873S and 1874S issues are seen with much less frequency than the later San Francisco dates of 1875-1878. A choice type coin that should receive many offers. Nicer examples have brought upwards of \$25,000.

### **449 1876-S AU details, numerous chop marks**

275

### **450 1877 AU50 Natural toning**

### **451 1877-S Trade dollar**

Pristine fields with a needle sharp strike and beautiful, iridescent colors. It is very unusual to see a large silver coin in this degree of preservation. Purchased at public auction as "Gem BU" from a major eastern numismatic firm during the 1980's.

### **452 1878-S VF35**

## LIBERTY SEATED SILVER DOLLARS

### **453 1847 No motto. Fine12 Dark planchet**

### **454 1859-O No motto. VG8**

### **455 1860-O No motto. MS61**

Very pleasing for the grade with semi-prooflike fields and a good strike. Most likely, this 1860O dollar was part of the 6 Treasury bags (6,000 coins) released 1962-1963.

### **456 1872 With motto. XF45**

Very choice mint state with attractive peripheral toning. Five different coins were minted to commemorate the opening of the Panama canal and were issued at the San Francisco exposition in 1915. The half dollar was the most popular, followed by the \$1 and \$2.50 gold pieces. The \$50 round and octagonal coins did not sell well for obvious reasons and are each \$100,000+ rarities in today's market. This half dollar should sell in the range of \$2,000 - \$2,500.

## The Complete Lincoln

Charles Brame, The Living Lincoln

Attending our 143rd auction will be Charles Brame: film, TV, and radio actor, Lincoln look-alike, speaker, and award-winning author of *Honestly Abe: A Cartoon Biography of Abraham Lincoln*, winner of the Benjamin Franklin Award for "Biography of the Year."

\* Bring along a camera and have your photo taken with "Honestly Abe". It will be a keepsake and conversation piece you'll treasure for years to come.

\* Take the "Railsplitter Challenge" and mark your guesses on the numbered photos below as to which is the genuine Abraham Lincoln and which is Charles Brame. Bring your guesses to the auction to find out the true answers!
